Produkcją frontów meblowych zajmujemy się od 2010 roku. Nieustannie doskonalimy warsztat i poszerzamy ofertę. Wszystkie elementy powstają z użyciem frezarek CNC, co zapewnia dokładność oraz powtarzalność naszych wyrobów.

W kolejnym etapie produkcji fronty wędrują do lakierni. Pomalowane przechodzą proces kontroli jakości, potem są pakowane i wysyłane do klientów na terenie całej Polski.
